

Battle of the Books Point instruction – Sudden Death

- 1) Separate teams and ask both teams a sudden death question at the same time.
- 2) Collect each team's answer making sure the team answers are separate.
- 3) Team A – For each correct answer, put 1 point in the ***Sudden death*** question column for team **A.**
- 4) Team B – For each correct answer, put 1 point in the ***Sudden death*** question column for team **B.**
- 5) Are the teams tied?
 - a. Yes – Are there more questions?
 - i. Yes – go back to step 1.
 - ii. No – Get more questions from results table.
 - b. No – Congratulate the team with the most points. They are the winners of the round.
- 6) For both teams, add all points for correct answers in ***Sudden Death*** and subtract all penalty points from ***Sudden Death*** and enter them in ***Sudden Death total.***
- 7) Add each team's ***Cumulative total*** and ***Sudden Death Total*** and enter the amount in the ***Total for this round.***

Return the packet to the results table. (If you are judging another round, keep pencils and index cards)
